PROGRAM STRUCTURE / FLOW

- The plantation drive started at 10 AM, we had in total of 30 trees that we had to plant.
- 10 saplings were of Tecoma, 10 of them were of Saptarni and 10 were of Putranjiva.
- Since the location was pre-decided, we had dug up 30 holes in our decided place of plantation, each student was divided into a group of 2 or 3 and each group planted the tree at the respective marked location.
- Every group made sure that the tree is properly planted and covered the space with soil and poured water after it.

Dear all,

Greetings from Team ISRI

As part of the **One Student, One Tree Initiative** by AICTE, we are having a tree plantation drive today i.e. **23-0-2023 at 10 AM near the Guest House.**

Planting a tree is fulfilling and educational, offering us a chance to learn more about the ecosystem and our role in preserving it. Through this initiative, we envision a collective effort where each of us can make a difference.

Through this initiative, we will be targeting **sustainable development goal 15.**

We cordially invite you to this event.

Thanks and regards,

CHALLENGES

- It was raining continuously in Nagpur, hence we had to reschedule the event many times because of rainfall or wet soil conditions.
- The potholes that were dug earlier got covered because of the rainfall, which required rework.

KEY TAKEAWAYS

- This was an initiative to make students aware of the importance to conserve and protect the environment, to foster a sense of collective responsibility and effort.
- Many students from SIBM, including faculty members were involved which brought about the importance of teamwork.
- This drive also highlighted the effort of how small initiatives can go a long way in the conservation of nature, such small steps lead to big impacts in the future.
- By planting a tree would help the students develop a personal connection with the environment and the importance of caring for all living organisms.
